The following are available at additional cost (request at reservation):

- Private party room \$40 (24 guests maximum)
- One-half hour group instruction available at \$60 for group of 10 or less (\$5 per additional participant for groups over 10). Instruction will begin promptly at the beginning of the public session. Have your guests arrive 15 minutes early to be ready.

More About Your Ice Skating Party:

- Wear hat, jacket and gloves
- Bring bike helmets for children 5 years and younger
- Dress socks or tights are recommended for proper fitting of skates. Pick skates 1/2 size smaller than regular shoes.
- Unlace the skates and pull the tongue out before putting the skates on. If after fitting, should you find the skates buckling upon standing chances are the skates are too big. Large skates are dangerous as balance is unattainable.
- When lacing the skate make them tight at the instep and secure at the ankle. Be sure laces are not dangling below the heel.

Have a great birthday and a great skate!
